Linnstone offers exceptional stone surfaces for both residential and commercial interior decoration with two innovative production lines: Zulite Series and Quartz Series. Our Zulite Series features low-silica technology and incorporates recycled materials, making it a sustainable and innovative choice for premium low-silica surfaces while our Quartz Series is a popular choice due to its durability, longevity, and versatility. Our surfaces meet stringent standards for safety and reliability, holding certifications from NSF, SGS, UL, CE and more. Choose Linnstone for high-quality engineered stone surfaces that are safe and meet your needs.
